Liars & Whores: How Big Government and Big Business Are Working to Save Their Own Assets, Not Yours Ethan Bearman

-Do you wonder why your bills continue to go up even though inflation supposedly isn't? -Would you like to know of a simple solution that would end traffic deaths? -Are you dissatisfied with the state of education? -Are you concerned about the environment? -Do you find yourself competing for a job against someone in a foreign country? -Do you ever wonder why some drugs are legal and others aren't? -Should you see your tax dollars directly at work? If you answered yes to any of these questions, this book is for you! *Liars & Whores* is the story of one man's journey to decode the political jargon of today and how it's used to manipulate and even mislead us. From a tender age, when the author's uncle and mentor offered him some of the pithiest and most sage advice he would ever receive, Ethan Bearman questioned the system. Emerging from his childhood up to his days in the military, when he was told that duct tape cost the army \$50 per roll, Ethan Bearman developed his critical thinking skills, which allowed him to see the real world, not the fictionalized ones created by the powers that be. Ethan weaves these personal insights and revelations throughout the book, inviting the reader into the narrative in a compelling, thought-provoking and relevant way that only personal experience can convey.
