An Introduction to Human Disease: Pathology and Pathophysiology Correlations

Leonard Crowley

An Introduction to Human Disease: Pathology and Pathophysiology Correlations Leonard Crowley
An Introduction to Human Disease: Pathology and Pathophysiology Correlations, Ninth Edition provides students with a clear and well-illustrated explanation of the structural and functional changes associated with disease, the clinical manifestations of disease, and how to determine treatment. Ideal for Pathology, Pathophysiology, or Human Disease courses, the first part of the text deals with general concepts and with diseases affecting the body as a whole. The second part considers the various organ systems and their diseases. Ancillaries For Instructors PowerPoint Presentations, an Instructor's Manual, a Test Bank, and an Image Bank. All materials are formatted for online course management systems. For Students The companion website is accessible to students through the redeemable access code provided in every new text. It offers useful study tools and activities including Crossword Puzzles, an Interactive Glossary, Practice Quizzes, Web Links, and more.
