Folville's Law (I): Invasion David Pilling

England in 1326 stands on the brink of civil war. Due to the incompetence of Edward II's government, the north is virtually overrun by the Scots, while an invasion fleet is massing across the channel, led by Edward's estranged queen, Isabella, the 'She-Wolf of France'. The first book in the Folville's Law series follows the adventures of Sir John Swale, knight of Cumberland, as he investigates a murder that threatens to bring disaster to Edward's failing kingdom. Along the way he clashes with Eustace Folville and James Coterel, two of the most notorious and brutal outlaws in England. As the death toll mounts, it remains to be seen who will survive and who will perish in the savage game of war and politics. 'Folville's Law (I): Invasion' is a new edition of the first part of the John Swale Chronicles.
