A Comprehensive Look at Human Interaction

Human Communication in Society takes an enhanced look at the relationship between humans and their societies through a contemporary critical lens. By examining history and societal structures as a means to assess modes of human communication, the text helps readers to understand the theory and context of the way people interact. The **Fourth Edition** uses new examples, illustrations, and pedagogical materials to highlight the importance of understanding multiple perceptions when studying communication. By addressing vital forms of communication such as listening, responding, verbal/non-verbal communication, and perception, *Human Communication in Society* addresses the subject of interpersonal interaction from a holistic standpoint.
