### I Want to Be an Astronaut Byron Barton

Blast-off! Up into the shy goes the space shuttle. Into orbit, the astronauts get a taste of ready-to-eat food, experience zero gravity, go for space walks, and even fix a satellite. It's fun to fly aboard the shuttle...and then come back to earth.

'A young girl declares her longing to 'fly on the shuttle into outer space.' The familiar acts of eating, sleeping, and working become intense and special as she and the rest of the crew go about their business. The illustrations positively glow in this simple, lyrical picture book that will have nearly everyone off and flying.' —SLJ.
