Too Late Phalarope Alan Paton

Until I read "Too Late the Phalarope," I could not imagine a novel richer and more rewarding than "Cry, the Beloved Country." Alan Paton obviously loved South Africa. In "Cry" he wrote of the wretched lives and condition of the black South African. But he imagined a better world through the lives of his major characters. In "Too Late the Phalarope," published in 1953, five years after "Cry," Paton shows exactly how apartheid negatively affected whites, as well. Instead of murder the central crime in this novel is immorality. Yes, crime. It was on record, meaning against the law, for a white man to have sexual relations with a black South African. The main character, Pieter van Vlaanderen, taller, stronger, smarter, and more successful than the average Afrikaaner, has a secret sin, a secret guilt: He is attracted to Stephanie, a black South Afrikaaner. What sets Pieter apart from others is his record as a war hero, an efficient lieutenant in the police force, and a celebrated rugby player from his region.
