Abandonment to Divine Providence Jean-Pierre de Caussade S.J.

From the intro: "The Rev. Jean Pierre de Caussade was one of the most remarkable spiritual writers of the Society of Jesus in France in the 18th Century. His death took place at Toulouse in 1751. His works have gone through many editions and have been republished, and translated into several foreign languages. A portion of this remarkable work in English has already appeared in America, but many readers, to whom this precious little book has become a favourite, will welcome a complete translation, especially as what has already appeared in the English version may be considered as merely the theoretical part, whilst the "Letters of Direction" which form the greater portion of the present work give the practical part. They answer objections, solve difficulties, and give practical advice. The book thus gains considerably in value and utility. It is divided into two unequal parts, the first containing a treatise on total abandonment to Divine Providence, and the second, letters of direction for persons leading a spiritual life. The " Treatise " comprises two different aspects of Abandonment to Divine Providence; one as a virtue, common and necessary to all Christians, the other as a state, proper to souls who have made a special practice of abandonment to the holy will of God."
