Alien warfare is no match for Michael Talbot and his best friend; from gladiator flights to amassing an army, they are a force to be reckoned with.

A journey of a thousand miles begins with a single step and for Michael Talbot that step is taken at Indian Hill with his best friend Paul Ginson by his side. Together they grow up, meet girls, and go off to college.

And that's where everything changes.

While out on a date, Mike, along with thousands of others, are quite literally abducted by aliens. Known as the Progerians, their mission is to determine how best to conquer the human race.

War is coming and nobody knows the enemy better than Michael Talbot.

Knowledge alone won't be enough to fight the Progerians though. Mike's going to need an army. Individually, Paul Ginson and Michael Talbot are forces to be reckoned with. Reunited they are a match made in Progerian Hell.
