Ladies what would you do if you found out your partner had cheated on you? Would you do like Lady A or Melaine? Lady A wrote; My ex is really allergic to cats, so I let a few of our neighbour's cats into our apartment to roam and feel as much at home as possible.... By the time he got back from work, the cat's had done their work as he was wheezing, his face became all puffy and red with watering eyes 10 minutes after he got into the house. I pretended I knew nothing and took him to the Emergency room. Punishment is a bitch! * @melainesrevenge wrote; When I found out that my now ex was cheating on me, I crushed half a bottle of laxatives into his morning coffee... He spent half the day doubled up on the floor. Good riddance to bad rubbish (Pun intended) * OR would you do like Abby A; I stay with my boyfriend of four years who has cheated on me more times than I can count. I stay because I love him... and because without him I am nothing. He tells me that and I believe him. The women are to blame not him- he's a man and they put it out there freely for him. It's about temptation. **** This is not a book on revenge or a book posed at self help... This is a book of inadvertent enlightenment. Want to find out more? Would you like to learn what Emotion's has to do with women and their reactions in relationships? Intrigued yet? Welcome to the new age of enlightenment
