Dr Emil Reich

An Alphabetical Encyclopedia of Institutions, Persons, Events, of Ancient History and Geography Dr Emil Reich

The following computer-generated description may contain errors and does not represent the quality of the book:

Readers of the Greek and Roman classics, who have little or no acquaintance with ancient history, are frequently confronted by references to persons and events with which they are unfamiliar. It is to meet the need of such readers that this volume is designed, with a view to supplying, in a handy form, a brief account of the more important personages, events, and places of classical antiquity. The omission, however, of some very famous names, especially in the world of letters and art, requires a little explanation. As a companion volume to this, it is proposed to issue an abridged edition of Seyfiert sDictionary of Classical Antiquities, and in this second volume will be found, along with accounts of the institutions, etc., of the Greeks and Romans, biographies in brief of many important people whom it has been found necessary to exelude from the present volume. Emil Reich.
