## **Lehi's Dream** Robert L. Millet

Explore Lehi's vision of the tree of life, with imaginative paintings by legendary artist James C. Christensen and thought-provoking commentary by author Robert L. Millet. This unique volume provides a visual journey through Lehi's dream, from the dark and dreary waste to the strait and narrow path, from the great and spacious building to the rod of iron leading to the tree whose fruit was desirable to make one happy. More than a dozen new images, created specifically for this book, allow readers to exercise their imaginations while expanding their understanding of this powerful metaphor for life. The accompanying text, from a trusted gospel scholar, offers rich layers of insight and meaning to one of the central messages in the Book of Mormon. This beautifully designed book will be a valuable and enduring contribution to LDS art and literature.
