For thirteen years, *Wrapped In Plastic* magazine studied the celebrated television series, *Twin Peaks*, and the follow-up feature film, *Fire Walk With Me*. Many of the important essays and interviews from those pages have been revised and reorganized for *The Essential Wrapped In Plastic: Pathways to Twin Peaks*. The *Essential Wrapped In Plastic* is a work of critical analysis and historical reporting. The core of the book is a detailed episode guide that reviews each chapter of David Lynch and Mark Frost's landmark series (which originally aired on ABC television in 1990 and 1991). These reviews are supplemented by comments from actors, writers, producers and other creative personnel who provide intimate and first-hand remarks about *Twin Peaks*. Each critique also includes analysis of scripted scenes that were deleted from the final televised episodes, allowing for a deeper understanding of how *Twin Peaks* was being crafted as it went along. The last episode of *Twin Peaks* is examined in detail, with a chapter that focuses on the installment's final, mesmerizing act—an essay that sheds light on what really happened to the series' enigmatic protagonist, Dale Cooper. The feature film, *Fire Walk With Me*, is the subject of two in-depth essays. The first delves into the character of Laura Palmer and shows how David Lynch transformed the idea of Laura (from the series) into a fully realized character (in the film). The second essay radically challenges the design of the *Fire Walk With Me* prologue, arguing that Dale Cooper is a more prominent and vital presence in the story than might first appear. Vibrant and provocative, *Twin Peaks* is an enduring masterpiece. *The Essential Wrapped In Plastic* is a crucial guide to this remarkable work.
