Max's secret is out and Nora doesn't know who to trust anymore. Gabrielle is on the run, and Nora is alone in her quest to bring down the organization that has taken over her life. She returns to Marion, but the townspeople are hardly happy to have her back. The list weighing heavily in her hand, she has to take sides in the brutal war being waged within the organization itself, but even she has lost track of where her loyalties lie.

With the revelation of the key players within "The System," Nora can't make a move without hurting someone that she loved. There's no turning back now, as Nora searches again for the young woman who had given her so much insight, and a hope of finally snuffing The Sun out once and for all.

Becoming Nora Mitchell is the final entry in the saga of a broken woman, trying to put the pieces of her life and the world around her back together. The problem is: Nora doesn't know whose side she's on anymore.
