Cooper Rand is the high-energy drummer for his band Ivory Tower. Everyone is drawn to Cooper; which makes him the go-to party guy for those lucky enough to call him friend. He loves the lifestyle that comes along with being a rock star and feels perfectly suited for the role. He is also a professional when it comes to the hook-up, unwilling to stick around long enough to allow emotions to enter into what he's doing. He's lived his entire life 'in the moment' and it isn't until he meets Jayson that he begins to question the direction of his life and if he's been missing out on something truly special all this time. Jayson Keller has spent most of his life living on the island of Martha's Vineyard working as a builder. Living on a small island also has Jayson working overtime to keep his sexual orientation secret. He has mastered the art of hiding in the closet, but he doesn't want it to be a forever thing. Jayson always said if the right man came along he'd happily leave the safety of his closet and live openly as a gay man. The problem is, living where he does limits his partner options and finding someone worth coming out of that closet for seems an unlikely prospect. A party at Alex Metcalf's island estate brings Cooper and Jayson face-to-face. Lightning strikes hot and fast and suddenly their lives take a whole new path. Has Jayson finally met a man worth leaving his self-imposed closet? Have a couple of hours spent alone with Jayson opened Cooper to the idea there is a deeper meaning to life beyond the stage and the value of a committed relationship? But, a bigoted family and the rock star lifestyle could ruin everything and keep both men searching for what was standing right in front of them: a soul mate.
