- BradyGames is Official and Exclusive on this title.
- Platform: PS2 & Xbox

ShellShock: Nam '67 takes place in 1967, deep in the jungles of Indochina. Players assume the role of a rookie soldier whose goal is to pacify the Viet Cong/NVA threat. Throughout the journey, players will be witness to heinous acts and controversial imagery that includes the slaying of innocent villagers, and the grotesque results of booby traps. In trying to maintain a sense of realism, ShellShock will utilize Guerrilla Games' proprietary technology to construct missions of harrowing detail. From stealth-based assassination attempts to all-out battlefield disasters, the game will push gamers to use skills and tactics that real soldiers used in the Vietnam War. Likewise, expect the same from the Viet Cong and NVA as they use napalm attacks, booby traps, and sophisticated tunnel systems to take players out. A full range of U.S. weaponry will be available and artillery and air strikes can be called in to lend a helping hand. **Not Final Cover.**

Eidos is one of the world's leading developers and publishers of entertainment software - through the innovation, creation and development of original content - with a quality portfolio of game titles for PC, PlayStation, GameCube, Xbox and N-Gage. Eidos is the largest video games developer and publisher in the UK. We have publishing operations across Europe (France, Germany, Spain, UK) and in the US, Japan and Australia.
