Just 60 years ago, over 92% of American children were potty trained by 18 months. After disposable diapers and the related message to wait for "readiness" hit the scene, American kids are now potty training at about 3 years old, leaving parents wondering: When is it okay to potty train? and How do I do it? The Tiny Potty Training Book answers all of these questions and more, empowering parents with accurate information and step-by-step guidance to potty train with confidence at any age. With this book parents can complete potty training in an average of 7 days, without force, coercion, sticker charts, or bribery.
