The Geography of the World Economy 5th Edition

Paul Knox, John Agnew, Linda McCarthy

The Geography of the World Economy 5th Edition Paul Knox, John Agnew, Linda McCarthy

The Geography of the World Economy provides an in-depth and stimulating introduction to the 'globalization' of the world economy. The book offers a consideration of local, regional, national and global economic development over the long historical term. The theory and practice of economic and political geography provide a basis for understanding the interactions within and among the developed and developing countries of the world. Illustrated in colour throughout, this new edition has been completely reworked and updated to take account of the substantial changes in the world economy, and includes a new chapter on services. It is ideal for upper level university undergraduates and for post-graduates in a variety of specializations including geography, economics, political science, international relations and global studies.
