Here is another suspenseful horror story from the author of 'The Strange Case of Susanna.' Paige has always lived like a spoiled princess from as long as she could remember, with everyone at her beck and call. But after the sixteen-year-old's bullying behavior goes out of hand and lands her in trouble, her father, in an attempt to turn her around, decides to make her live with a distant relative in an isolated mansion for one month. Paige's initial concerns are about boredom and missing out on wild times with her friends. Things get scary and then outright horrifying as she discovers she's being stalked by a strange girl in a blue school uniform. Why does the girl keep silently following her wherever she goes, and what are those weird noises that she hears every night outside her window? Paige will need to get to the bottom of this puzzle to survive--before it's too late. If you like suspenseful horror stories, then this book is for you. 'Cruel Whispers' is a fast-paced, scary ghost story that will not only keep you entertained but may also keep you awake at night.
