Three Days to See (USA)Helen Keller

Helen Keller became blind and deaf when she was less than 2 years. Later, she gradually became dumb, too. Luckily, Sullivan came and brought her out of the abyss of darkness when she was 7 years old; with surprising willpower, Helen overcame unimaginable difficulties, and learned to speak, read and write before winning an honorary degree from Harvard University. Besides, with great love, she devoted herself into the charity cause for the disabled, and sent further and hopes to countless disabled people.
