Ordinary World Elisa Lorello

Readers who fell in love with Andi Cutrone in Elisa Lorello's first novel, *Faking It*, can now join Andi on a new journey in which she faces a challenge unlike any she has ever known. *Ordinary World* begins six years after Lorello's first installment left off: Andi is blissfully married, works as a recently tenured professor at Northampton University, and is a published author. Life is ideal—until her husband's death in a senseless accident shatters Andi's world, plunging her into a gulf of depression and grief. Her family and friends do what they can to ease her anguish, but no one seems to have the right words to heal Andi's pain. On the advice of a friend, she travels to Italy to escape and unexpectedly runs into the man who once helped her discover her authentic self. As their friendship is renewed, Andi finally begins to heal, daring to hope that someday she will be happy again. Both wrenching and uplifting, *Ordinary World* is a moving tale of love and loss, joy and sorrow, heartbreak and hope.
