**Outrageous Practices: The Alarming Truth About how medicine mistreats Women** Professor Leslie Laurence, Beth Weinhouse

Women's health is threatened by gender bias on three fronts: bias against women patients, bias against women doctors, health practitioners, and medical scientists, and bias against women as medical research subjects. *Outrageous Practices*, a highly acclaimed best-seller newly available in paperback, chronicles the history of a prejudiced health care establishment and shows how the current system remains captive to male-dominated medicine and research. The book examines how gender discrimination manifests itself in hospitals, physicians's and psychiatrists's offices, medical schools, research labs, government health-related agencies, and biomedical and pharmaceutical industries.

## KEY POINTS:

- o New paperback edition of a powerful book about gender bias in the medical establishment.
- o New preface by authors brings the issues up-to-date.
