Running and hiding is looked upon as a way out for the weak. It is something Omar never thought he would do. As a child, he didn't even partake in the game of Hide and Seek for that very reason. Unfortunately, after being sentenced to death by his cousin, Demarcus, Omar was left with no choice. Moving to Detroit wasn't as bad as he thought it would be. It didn't take long for him to reign supreme. However, the change of location didn't change the conniving and cold-hearted monster that he was inside. It didn't take the locals long to see the monster that was he. When his lies caught up to him and backed him in the corner, he opted to take the easy way out and leave. With Omar deciding to move back to Memphis after being off the radar for three years, he was now willing to play the game. He wanted it to end in his cousin's murder, while reclaiming the throne he was kicked down from. But how many people would he be willing to kill to get back what he felt was rightfully his? Demarcus's life has turned for the good. He has a relationship with his new found father, runs a large Dog Food distribution ring, and has a few legit businesses that are flourishing on the side. The sheltered mama's boy has turned into a man. Suddenly, the bodies start piling up and he goes from being the most loved man in the city of Memphis, to being the number one murder suspect in every case that crosses the homicide unit desk. As the bodies pile up, his past is back to haunt him with a vengeance. But what happens when the true murderer is someone he already knows to be dead?
